"Surprise" Dinner

Honor Dr. B. E. Henig

By Marilyn G. Longworth

The Grayling Regional Chamber of Commerce is proud to announce the presentation of their second annual outstanding citizenship award to Dr. B. E. Henig of Grayling.

This special award is fittingly presented during Michigan Week. Dr. Henig will receive this award at a "surprise" dinner to be held on Wednesday evening, May 18th, at the Grayling Elementary School. Dr. Henig will be escorted to the school by the Grayling High School Band. They will leave the Chief Shoppensons Motor Hotel at 6 p.m.

The selection of Dr. Henig for this annual award was based upon his many endeavors for the community. Mrs. Walter F. Truettner and Mrs. James Forbes are co-chairman of Michigan Week and Mrs. Earl H. Longworth is chairman of the Special Awards Committee. They report that many people out of the past of Dr. Henig will also be here to honor him.

Dr. Henig graduated from pre-med school, University of Alabama in 1940, and went on to medical school at Wayne State University, graduating December, 1943. His junior and senior internships were served at Harper Hospital, beginning January 1, 1944, later serving his residency there while also serving in Pediatric Surgery at Children's Hospital.

Mercy To Build Nursing Home

Grayling Mercy Hospital administrator Sister Mary Janice informed the Avalanche Tuesday afternoon that the Sisters of Mercy are going to build a nursing home. It will be a separate building but will be on the hospital grounds.

The building will contain 40 beds, but could be as large as 80 beds either at construction time, or in an addition later, Sister said.

The construction, which it is hoped can be started yet this fall, will also include some additions and innovations at the Grayling Mercy Hospital as well, the hospital administrator stated.

Further particulars are expected to be ready for publication by next week's edition.

Poppy News

On May 19-20-21, some one will knock on your door, and maybe you never seen them before, but they will be nice and wear a big smile and they will cause you to stop and think for a while, or not long ago, but far, far away, when our freedom was shaken and some had to pay. You will remember our soldiers, so loyal and true, how they fought to protect our own red, white and blue, how they went into battle with courage to win, while loved ones were waiting and praying for them. Soon the war was all over but many were sad, from losing a sweetheart, brother or Dad. The boys who returned still hold memories of war, and of buddies still sleeping on some foreign shore. Today let's endeavor to hold their torch high, and keep freedom's light burning. It never shall die. No, we all can help someone in some special way. In their memory let's all wear a poppy on Poppy Day.

He has served the North Central Zone Medical Groups as president and secretary. He serves as Medical Director for the Crawford County Cancer Unit of the American Cancer Society, also the Tuberculosis Society. He is a past Chief of Staff at Grayling Mercy Hospital, presently Chief of Surgery.

While at the University of Alabama, Dr. Henig was a member of Phi Gamma Delta, and also is a member of Nu Sigma Nu, a medical fraternity.

"BRIGADOON" This Friday-Saturday

Friday evening, May 20 promises to be one of the biggest nights in Grayling for many years, for that is opening night for the Broadway Musical "Brigadoon". The doors will open at 7:15 p.m. with the curtain going up at 8:00, but please plan to be early as no-one will be seated during the first two scenes of the show. If you do not have your tickets, plan to pick them up before 5:00 p.m. Friday at the Grayling Pharmacy. It is possible that there will be tickets on sale at the box office prior to the show, but it is also a great possibility that all opening night seats will be sold prior to box office opening at 7:15 p.m. Friday evening. Tickets for the Saturday night performance are also on sale at the Pharmacy, or they can be picked up at the box-office Friday night, providing the show is not sold out prior to box office opening.

A great deal of time, money, and

sweat has been put into this show. Rough figures show that over 6,000 man hours of labor alone have been spent. Members of the "Brigadoon" company have really been hard at work to make this performance a great success.

Special effort has been put forth to create the real theatre atmosphere, and the public is asked to cooperate as much as they can to see that this atmosphere is retained throughout the performance. For example, if you must leave the audience before intermission, you will not be able to return to your seat until a scene change or end of act. Noisy children will be asked to leave. The actors on the stage are doing their very best to put on a good show for you, and it is the responsibility of the viewing audience to show them every courtesy possible.

"Brigadoon" is a real Broadway Musical, and is one of America's greatest musical shows, so don't you be among those who will be saying, "I'm sorry I missed it", when it's over. Get your seat reserved NOW before it's too late, and be in the audience opening night to experience all of the wonder and excitement of the curtain going up and "Brigadoon" unfolding before your eyes, appearing for one day, right out of the Highland mists. Be among those who can say when it's over, "You really missed something when you missed 'Brigadoon'".

O. E. S. 75th Birthday Party Saturday Night

The 75th Anniversary celebration of Grayling Chapter No. 83, Order of the Eastern Star, will be the highlight of the present year's activities for all the members of the Chapter. This gala event will be held this Saturday evening, May 21st, in the all-purpose room of the Grayling Elementary School beginning at 8 p.m. Between 200 and 300 members from all over Michigan are expected to attend the celebration.

An outstanding program has been planned for the birthday celebration. Featured will be the Hillsdale County 1867 Ritual Team, Order of the Eastern Star. They will present the 1867 Ritual in authentic costumes. Most are copies from the Godley's Lady Books of 1867 and 1868. The male members will be garbed in top hats, Prince Albert coats and some with full beards so popular in the era.

The Hillsdale County 1867 Ritual Team, now in its fifth year of travels, has presented the ritualistic work for more than 60 Chapters and Associations and has contributed more than \$2,800 to the Grand Chapter Scholarship Fund from the free-will offerings given during these visits. All team members are Past Matrons and Past Patrons of the various Hillsdale County Chapters.

The members of the team pay all their own expenses of travel and dress. Programs, pictures for publicity and necessary phone calls for scheduling are the only expenses deducted from the special offerings.

The Hospitality Committee for the evening will be Past Matrons and Past Patrons of Grayling's Chapter. Refreshments will be served by Brothers of the Masonic Lodge No. 356.

The local chapter was originally chartered on October 14, 1891 with 22 members.

City Firemen Called To Three Blazes

Grayling Fire Chief Clifton "Kip" Papendick reports that the City Fire Department was called upon to suppress three fires last week-end. On Friday, May 13th at 8:30 a.m., the department answered a call about one mile east on M-72 to put out a car fire. The vehicle belonged to Bob Horton of Star Route, the Chief said. Damage was confined to the car's carburetor where the fire started from a back-fire.

At 5:15 the same day, the Department answered a call to Mac's Drug Store where trash had started fire from a cigarette. Damage was held to the trash bin.

At 7:20 p.m. on Saturday, May 14th, a National Guard truck caught fire on the North Down river Road. The Department answered the call and stated that damage was slight.

Members of the department are looking forward to their Annual Fourth of July celebration, Chief Papendick said. Further details of the affair will be published in the near future.

Trio Arrested For Stealing Automobile

Three youths were arrested by Patrolman Larry Yoder of Grayling City Police Monday at 12:45 a.m. after a half-mile chase and were charged with unlawfully driving away a vehicle. The trio allegedly stole the car near the public Fishing Site on the AuSable four miles east of Grayling where ten of twelve youths were allegedly holding a beer party. Car owner Harry Bishop of Ohio stated that waders and fishing tackle belonging to him were also taken and had not been recovered.

They were apprehended near the north city limits. Appearing before Justice of the Peace Olin Williamson later in the day, all three waived examination. They were bound over to face Circuit Court on the charge and bond was fixed at \$2,000 each. Bond was not furnished so all three were remanded to the custody of Sheriff Arthur Clough.

The three youth are: Philip M. [Name obscured], [Name obscured], [Name obscured].

Bear Gets Bear - Polar, That Is

From Fred Bear's Diary

"A beautiful day. Bud and Bob came out at 10 a.m. and we got right to hunting. I flew with Bud and Bob with Jim.

Fifteen minutes out we saw a bear walking along beside a pressure ridge. This the first bear we had seen for twenty-five days and it was quite a thrill. He was not a monster, Bud said, and 'did I want to try for him'. The answer was 'yes'. Bud said he would go about 84 feet.

Fortunately we had sighted him at a distance and he did not see the plane so we flew west on the ridge until we found a place to land about five miles ahead near

the pressure ridge. We then made our way down along the ridge toward the bear to a place that offered good possibilities for an ambush, hoping but not knowing, that the bear would continue on his course.

I found a place on the pile of ice where I would be out of sight if he came on my side, and high enough to shoot over on the other side. Jim, Bob, and Bud found cover back of me about 20 yards to cover any action with cameras.

We waited for an hour and a half when he hove in view 1/4 mile away. He showed up dark against the bright snow and was just shuffling along in an aimless fashion with his mind on a seal dinner I would guess as he investigated piles of ice and cracks in the ice.

At first he looked like he would come right by us at close range on our side, but at about 400 yards he wandered away from the ridge and it looked like he had chosen a course through some rough ice that would put him 100 yards away as he passed me.

I had to make a decision. It seemed best to get over in front of him which I did when he went out of sight behind some ice. The gang moved with me and we again found cover. The cameras behind me again.

Very quickly he came into view. 300 yards - 200 - 100, coming on a course that would pass me about 20 yards, or maybe closer. But the wind was not good for that side.

At fifty yards his nose went into the air and he stopped and looked toward us. Not sure but suspicious, he turned sideways but looking over our way and sniffing.

I felt sure that he was about to run off so I rose from behind my hunk of ice and released my arrow. It looked good all of the first few weeks of its operation.

New Steam Train Ride Is Progressing

The mile-long track for the steam train ride being installed at the newly named Bear Mountain recreation park at Grayling has been laid, and the animals which will make up a part of the scenic ride have been cemented in place, according to Mr. L. Michelson Holds Mother And Daughter Dinner

The annual Mother and Daughter dinner at Michelson Memorial Church was held Tuesday evening May 10th in the church dining rooms. The potluck meal was served by members of the Men's Club.

Mrs. Roy Wedge was toastmistress for the evening's program, which opened with Mrs. John W. Smith, wife of the pastor, giving the invocation. Next came a vocal selection by Anne Marie Church, who was accompanied at the piano by Mrs. Anemarie Bulthuis.

A toast to the daughters was given by Mrs. Edward Lowrie. Her daughter Karen responded with a toast to mothers.

Next came a variety program presented by Mrs. Kenneth Ashton's 6th graders, which was a delightful event.

Recognition of the eldest mother, Mrs. H. C. Schmidt, was next, and also the youngest Mrs. Jerry Larson. The mother with the most daughters present was Mrs. Clyde Anthony, with three. Both Mrs. Augustus Funck and Mrs. Herbert Stephan received recognition as representing the most generations.

The program was closed by Mrs. Esbern Olson, who gave the benediction.

General chairman of the dinner was Mrs. Hurl Deckrow. Mrs. William Joseph was program chairman. The dinner guests were seated at tables beautifully decorated with potted petunias and geraniums, and programs fashioned in the shape of pansies; the work of Mrs. Glen Fenton and Mrs. Roy Milnes.

Water - Our Heritage . . .

Michigan citizens enjoy a unique heritage—abundant fresh water for recreation, industry, and other necessities of living. But with our water wonderland as a great responsibility. That's why the theme, "Water - Our Heritage," was chosen by the 1966 Michigan Week committee on natural resources.

Through concentrated information, education and on programs, Michigan Week people want to inure as many as possible of Michigan's eight million er-using citizens. The goal: a new awareness of our eless heritage that is often used so carelessly by so ay.

We will never run out of water. There is probably much water in Michigan today as there was when y Algonquin Indians roamed the forests. Yet, ough tinkering with creation, wasteful man has dered much of our water unfit for highest uses.

Only through an enlightened, aroused, water-conus public will come the planning and action that reverse the trend of degeneration of what may be most valuable heritage. Only through a public erned enough to keep their trash out of the river, their own private sewers, and vote taxes upon selves for adequate public water improvement grams will the trend be reversed.

Our children and our children's children grow up ve in a true water wonderland — it is up to us now: up to each of us to assume a continuing responsi-ty toward improvement of water — our heritage.

Next he was sent to the replacement center at Salt Lake City, Utah, and after two weeks of examinations he was sent to Gowen Field, Boise, Idaho. Road Commissioners' Minutes

April 29, 1966

A regular meeting of the Board of Crawford County Road Commissioners held in their office in Grayling. The meeting was called to order by Chairman Corsaut. Members present Elmer A. Corsaut, Howard H. Mead, Harold T. Johnson, and Eng-Supt. Bruce Carlson. Absent none.

The minutes of the last regular and special meetings read. Comm. Mead made a motion, supported by Comm. Johnson that the minutes be approved as read. All voted in favor, motion carried.

Voucher No. 85 covering payroll number 9 and vouchers 86 to 95 inclusive covering materials were presented for approval. Comm. Johnson made a motion, supported by Comm. Mead that vouchers No. 85 to 95 be approved and warrants

their suiting cited. The speaker emphasized it were better law concerning natural resources be given legislative enactment rather than that of the Conservation Department alone. The antlerless deer law is being urged by so-called conservation organizations, apparently for their own individual pleasures. Here in the areas that have many deer that add immensely to our resources for the pleasure of the resorters who may come here, an antlerless deer law would rob us of one of our most useful resources, would demolish our herds so thoroughly it would require many years to replenish them. Also the reapportionment law would give the metropolitan areas powers over the remaining portions of the state. A few counties would dictate the laws for the vast number of other counties. He cited the matter is now in court and will go before the supreme court.

Grayling Regional Chamber of Commerce

Memo: To the People of Crawford County.

From: Sam Truettner, President

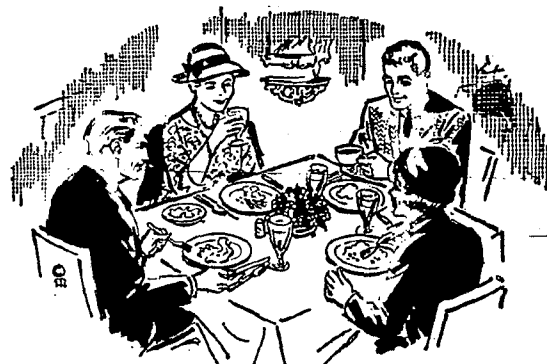

Subject: You Should Belong
(Continued from last week)

Do you know that we have a lot of people who are residents of this county for only about a couple of months of the entire year that think enough of this community and it's future to take out a membership in the Chamber? These are not business memberships because they are not in business here, but you might call them honorary or associate memberships. These sell for \$15 and you can believe it that they have helped the Chamber function.

Like everything else operation costs have risen in the Chamber and some times we find it hard to make both ends meet. We would like to see a lot of honorary memberships coming from our year around people. Just think for less than 5c a day you can have an honorary membership in the Chamber. How about that? What else would 5c buy these days? We need you and even if you don't need us, you surely can spare 5c a day to help keep us going can't you?

Buy an honorary membership in the Chamber and then you can say with pride, "This is my community AND I belong to the Chamber of Commerce."

Letters To The Editor

Because of the splendid cooperation of many organizations in the Grayling area, we are happy to be able to say that the project, Ausable River Cleanup, came to a most successful conclusion.

The Michigan Skin Divers Council, whose members cleaned our river from Grayling to Wakeley Bridge, were very well satisfied with all arrangements made for their visit, even to the mildness of the weather Mother Nature provided.

It would be impossible to thank all individuals who took part in this project, but the organizations who cooperated in this venture should be publicly applauded. They are: The Michigan Skin Divers Association, The Canoe Livery Association, The Grayling Regional Chamber of Commerce, The Board of Education, and the Michigan Department of Conservation.

We of the Grayling Regional Chamber of Commerce want to thank all the above organizations for their splendid cooperation.

This Saturday, May 21st there will be a special election at the lodge, from 11 a. m. to 8 p. m. Installation of officers will be right after the election, so think very seriously about whom you want to vote for, then cast your ballot. We have a very busy year coming up, and this election should not be taken lightly.

Sunday, the Legion of the Moose Club, held their monthly breakfast meeting in the lodge basement, with a good turnout and a nice list of special guests. Present was Art Francis, who holds the highest office of our Legion Districts of North Moose. He is also state vice-president of district 6. Art is from Midland lodge.

Also present were Jerry Brando of Bay City, State Civic Affairs chairman and Herder of the Legion District, Dr. Harmon Burns, Ritual chairman for the Legion District. "Doc" is also from Bay City, the next Legion Club meeting will be Sunday, June 5th at 11 a. m.

The Legion Club will sponsor a Swiss steak dinner on Sunday, May 29, from 1 p. m. until 4 p. m. Donations of \$1.50 for adults, 75c for children under twelve will be accepted. Children under three will be admitted without donations. All proceeds will go for the sponsoring of the Moose Little League team. Tickets are available at the club, Grayling Bay and any Legion club member.

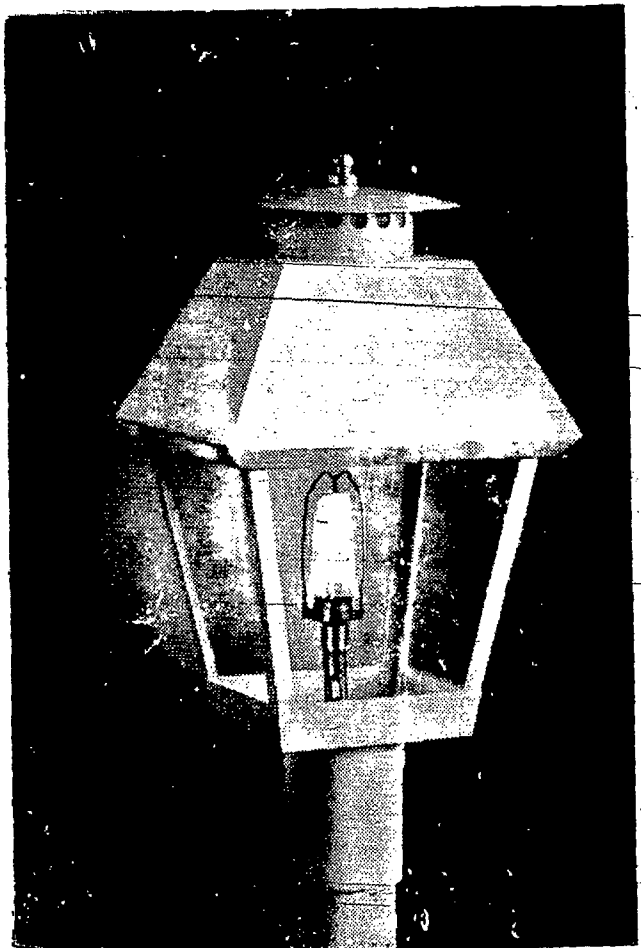

This Friday is regular meeting night at the lodge at 8 p. m. A short meeting is planned, then members and guests will retire to the basement for a social gathering. John Galloway and George Leas will be in charge.

Song Published In National Poetry Anthology

More than forty thousand individual literary selections are considered each year for possible inclusion in the National Poetry Anthology. The 1966 edition of the annual anthology came off the press last week. It contains a total of two hundred and seventy lyrics, poems, odes, and songs, ten of which were written by Michigan authors.

Included among the ten selections from Michigan is "Wine of Life," an original song composed by Carl Minor, speech and drama coach at Grayling High School. This is the eighth consecutive year that Mr. Minor's original lyrics have been selected for inclusion in the National Poetry Anthology.

Also included in the current anthology are poems by two west Michigan writers, namely, William Horace Whittemore, head of the English Department at the Leelanau Schools of Glen Arbor, and Dr. Herbert L. Carson, Professor of Humanities at Ferris State College in Big Rapids.

School Board Minutes

April 4
The regular meeting of the Board of Trustees of Grayling Public Schools was called to order by the President, Leroy Millikin at 8 p. m. April 4, 1966 in the high school. Others present were Henig, Dosch, Pettyjohn, Thompson, Smock, Strong, Supt. Stripe and Gerald Burns.

Howard Taylor, Director of Vocal Music, appeared before the board to ask approval of his application for federal funds under Public Law 89-10 Title III of the E. S. E. A. of 1965 for a project entitled "A Cultural Uplift," which would provide briefly a cultural enrichment program for students and adults in the Grayling School District area, possible facilities to house the program, the purpose being to express themselves, live fuller lives through cultural activities, raise cultural standards in the community and supply opportunities for those students with creative talents to develop them.

Approval was unanimously granted on motion of Dosch supported by Thompson, as follows:
ASSURANCE OF AUTHORITY TO APPLY FOR A PLANNING GRANT BY THE GRAYLING PUBLIC SCHOOLS BOARD OF EDUCATION TO THE SUPERINTENDENT OF THE GRAYLING PUBLIC SCHOOLS.
The Grayling Public School Board of Education has granted to Joseph Stripe, Superintendent of the Grayling Public Schools, the authority to file this application for and in behalf of the Grayling Public Schools Board of Education and otherwise to act as the authorized representative of the Grayling Public Schools Board of Education in connection with this application.

The minutes of the March meeting were read and approved as was a letter in reply to Mrs. Marilyn Longworth concerning her difficulties with school facilities 2-12-66. The Supt. was instructed to look into the possibility of rescheduling a Friday night basketball game if it conflicted with the 1967 Pageant date.
The financial statement showed a balance of \$78,210.35 in the general fund as of March 31, 1966.

Attend The Church Of Your Choice

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A YOUNG MAN'S FANCY... ...and a girl's too

Spring is taking its romantic toll once again! But there's more to be shared in life than a cup of cola. So who knows whether this new-born affection will last — or, indeed, whether it should? Where character and conviction are formed, there the foundations of true love are fashioned. Perhaps then the Church makes a more significant contribution to romance than the warm breeze of May. For with the help of the home and the support of the community, the Church is training the brides and grooms of some later June to realize in a deep affection their responsibilities to themselves, to one another, and to God.

Fix-Up, Clean-Up

We are real proud of the majority of the citizens of Grayling as they are doing a remarkable job on cleaning up their premises and painting and remodeling. The out of town people are remarking about the wonderful improvements in Grayling. This we like to hear. It is good for Grayling and everyone concerned.

The boys from Camp LaVictoire are donating their free Saturdays to spade the soil along the highway for our annual petunia planting. The reason we have the petunias each year is, they bloom continually during the time the tourists are here and that is what we want. They take very little care other than weeding and grow in most any soil. They are real showy and attractive along our highway. We have the flowers ordered again this year from the same place. They will cost us \$400.00 and this is where you come in. Will you please help us by making any donation possible to the flower fund? Any amount will be appreciated. You can leave the money at the Avalanche or City Hall or Housing Commission office.

Memorial Day Weekend we will again have our planting "BEE" and we hope everyone will come out and help. Everyone is invited and welcome. You don't have to have a special invitation. Next week we will have the time and starting position in the paper. It will depend on the Memorial Day parade also.

The 5th and 6th grade students at the Elementary school and Mr. Thayer and their teachers will plant the section in front of the Public Library. The little 4-H girls in Mrs. Kip Papendick's group have offered to plant a section also and they will plant the section in front of the City Hall from the drive way down to the river. This is directly across from the Library. We thank these two groups for their help and hope some other groups will volunteer a section. This way your group can work out your own color scheme and design and make a few spots especially outstanding. What isn't assigned to clubs or groups, will be planted like "BEE" year in a community "BEE". Please give as much time as you can to help.

Viking Qualifies For State Track Meet

One Grayling Viking thincled qualified for the State Class C Track Meet to be held on the campus of CMU at Mount Pleasant this coming Saturday. He is Dave Nethers, who finished at 5 foot, 6 inches in the high jump at the Regional Meet at Traverse City last Saturday.

In the meet, Mark Day of Grayling set a new school record in the 220 yard dash although he failed to qualify. He breezed the distance in 23.3 seconds to erase the school mark of 23.5 set by Jack Richardson in 1949. The 880 yard relay team finished fifth in a meet too with a mark of 1 minute, 39.35 seconds. Running on the team were Day, Nethers, Doug Wilson and Dave Bailey.

In a quadrangle meet at Gaylord last Thursday, Grayling finished second with 49 points behind Charlevoix's 87 1/2. Gaylord got 34 and Mancelona 24 1/2.

for Services to the Armed Forces and Veterans (SAF-V). This amounted to \$39,090,221 out of a total expenditure of \$108,081,320 during fiscal 1964-65. When the ARC board of governors met last May, it estimated SAF-V expenditures for the 1966-67 fiscal year would be about \$41.3 million. It now appears the cost will exceed \$44 million.

More than 100 ARC staff members were on duty in South Vietnam as 1966 began. How many more may be assigned there depends entirely on the number of American troops sent into the area. All told, Red Cross has approximately 2,000 staff serving the armed forces in domestic and overseas locations. Their work is augmented and supported by thousands of volunteers.

Red Cross personnel in South Vietnam include male field directors assigned to Army and Marine divisions, others at established military headquarters and bases, women social and recreation workers in military hospitals, and other recreation workers who conduct combined center-clubmobile operations for able-bodied troops.

The first unit of Red Cross clubmobile girls sent into South Vietnam was assigned to the Da Nang area, where the Third Marine Division went ashore to protect a large American air base. By the end of 1965 similar Red Cross units were operating in Nha Trang and Bien Hoa. Seven more are scheduled to be established this year, requiring the employment of 80 additional women recreation specialists. All of these units, like the Red Cross clubmobiles in Korea and the recreation centers near our military bases in France, Turkey and North Africa, are put into operation at the direct request of the Department of Defense upon the recommendation of the local command.

way and hit with a resounding smack and immediately a red blossom appeared at the right spot close to the shoulder. He went down in the loose snow, sort of recoiling from the hit and while on his side was snapping at the arrow.

Back on his feet like a cat he took off on the double over the pressure ridge and beyond a hundred yards, where he went down in some rough ice. He was not dead when we got there so I put another arrow into him and that was the end.

It is not known what pictures we have but they should be good. Bud had guessed his size correctly, a bear with ten gallons of seal oil in his belly. What a relief. After twenty-five days of bad weather and tough luck we get perfect conditions and go right out and bag a trophy just 12 miles from camp. Have wired ABC to see if Cliff can come back to get his bear.

GHS TEACHER INVITED TO PARTICIPATE IN THEATRE INSTITUTE

In 1965 the National Foundation for the Arts and Humanities was created by an act of the United States Congress. The first fruits of this new foundation will materialize this year. Summer institutes to help improve the qualifications of school personnel by strengthening their knowledge and understanding of the arts and humanities will be offered in 1966 for the first time under the Arts and Humanities Act passed last year.

Teachers and supervisors in public and private non-profit elementary and secondary schools are eligible to participate in a series of institutes at eleven universities throughout the United States. Three of the institutes will be devoted to music, three to art, one to Latin, one to film appreciation, two to Latin, Greek and literature, and one to the advanced study of theatre.

Grayling High School administrators have been informed that one of their instructors, Carl Minor has been given a \$1200 tax-free grant from the Federal government in order to participate in the Institute for the Advanced Study of Theatre. The grant will cover a major part of the expenses involved in attending the Institute, which will be held at Wisconsin State University from June 13 to August 6, 1966. Thirty-five teachers from throughout the United States have been selected for participation in the Institute.

Mr. Minor is the forensic and drama coach at Grayling High School. He is a member of Pi Kappa Delta (the National Speech Fraternity), the Michigan Speech Association, and the National Theatre Society, which is devoted to the advancement of theatre arts. More than fifteen of his twenty years of teaching have been in the field of high school drama. He has also directed summer theatre and community theatre. It has been his policy to produce only plays that have been successful either on Broadway or in the movies. Among the outstanding plays that he has directed, "Our Town", "Pride and Prejudice", and the poetic drama, "Everyman Today", as some of his finest.

In college, as well as in high school, Mr. Minor was an active participant in dramatics. While completing his Masters of Arts degree at the University of Michigan in 1954, he was a member of the cast of "Hamlet", which was directed by the famed British Shakespearean producer, B. Iden Payne, who was visiting professor in drama at the time.

Basic among the results expected from the Institutes sponsored by the National Foundation of Arts and Humanities is a cultural uplift through an enrichment program for both adults and students. It is hoped that more American schools will place an emphasis on the arts and humanities, that increased attention will be given to the graphic arts, music, and to dramatics. Many high school students have superior talent in the arts but never have an opportunity to bring them to light.

Small high schools are especially weak in the area of the creative arts. The ultimate hope of the National Foundation for the Arts and Humanities is that more opportunities will be provided for those with creative talents; that facilities and instruction for the enrichment of the lives of our students in the areas of art, music, and drama may be made available in the future. For those unable to participate in the arts outside of school, opportunities in cultural arts within the framework of the school system must be presented. The development of a Fine Arts Department within each school system is
